

### **going paperless benefits pdf**

A paperless office (or paper-free office) is a work environment in which the use of paper is eliminated or greatly reduced. This is done by converting documents and other papers into digital form, a process known as digitization.

### **Paperless office - Wikipedia**

The components of a paperless office are readily available and fairly inexpensive. The technology is readily available not only to scan in your existing paper, but to eliminate the creation of new paper through better workflow tools. While the technology for going paperless is readily available, the
