### **Cyber Security: It's Not Just about Technology - assets.kpmg**

Understanding Cyber Security: Emerging Governance and Strategy is not just a book for the global public sector audience. It covers a much broader set of issues and is relevant to the professional cybersecurity community at large. Yes, there are many chapters of particular interest to the government and military cybersecurity crowd, such as national security issues in cyberspace, a vision of cyberwar in 2025, a discussion about whether we can learn from nuclear lessons when it comes to ...
